Platinum Jubilee Party

We are planning a tea party for the children to celebrate the Platinum Jubilee, next Friday 27th May, and would like parents to send in a plate of something to be shared within their class; fairy cakes, grapes, mini sausage/cheese rolls, sharing bag of crisps, veggie sticks, a bottle of squash. It doesn't need to be enough for one portion for each child, just enough to ensure that across the class we have enough for everyone. [Could we please ask parents of children with a food allergy/intolerance to bring their own individual, named, plate of food which we can keep separately for them.](#)

School Lunches Reminder

The next deadline is Midnight Monday 23rd May for meals after half-term w/c 6th June.

Goodbye and Good Luck

We would like to wish Kate Corcoran lots of luck as she leaves us today to go on to pastures new. Thank you so much for everything you have given to Trinity.

Sunshine Class Cake Sale

Thank you to everyone who baked and brought cakes last week; Sunshine Class raised £129.50.

Music Listening

[Sergio Mendes - Fanfarra](#)

[Cabua Le Le \(Official Visualizer\) - YouTube](#)

His career took off with worldwide hits by his group Brasil '66. He has over 55 releases, and plays bossa nova heavily crossed with jazz and funk. He was nominated for an Oscar for Best Original Song in 2012 as co-writer of the song "Real in Rio" from the animated film Rio.

[Real in Rio \(Opening and Ending\) - YouTube](#) (The children will know this - can they hear the drums in this one as well?)

Mendes is a unique example of a Brazilian musician primarily known in the United States, where his albums were recorded and where most of his touring took place.

Mendes is married to [Gracinha Leporace](#), who has performed with him since the early 1970s. Mendes has also collaborated with many artists through the years, including [The Black Eyed Peas](#), with whom he re-recorded in 2006 a version of his breakthrough hit "[Mas que Nada](#)".

We can clearly hear a typical samba reggae call and response at the beginning played on caixas (pronounced cashas) answered with the percussion of surdos (big bass drum), timbales (like tambourines without the jingles!) shakers, agogos (like cow bells), timbas (like djembes). The leader will use a whistle to instruct the band.

This piece of music mixes sambas reggae with a 'song' in the middle before mixing the two styles at the end.

~ Happy Listening ~

Weekly Art

The materials used in Goldsworthy's art often include brightly coloured flowers, icicles, leaves, mud, pinecones, snow, stone, twigs, and thorns. He has been quoted as saying, "I think it's incredibly brave to be working with flowers and leaves and petals. But I have to: I can't edit the materials I work with. My remit is to work with nature as a whole." Goldsworthy is generally considered the founder of modern rock balancing. For his ephemeral works, Goldsworthy often uses only his bare hands, teeth, and found tools to prepare and arrange the materials; however, for his permanent sculptures like "Roof", "Stone River" and "Three Cairns", "Moonlit Path" ([Petworth](#), West Sussex, 2002) and "Chalk Stones" in the South Downs, near West Dean, West Sussex he has also employed the use of machine tools. To create "Roof", Goldsworthy worked with his assistant and five British dry-stone wallers, who were used to make sure the structure could withstand time and nature.
