HEADS UPDATE

from Amanda Seager

It was lovely to see so many parents attending the meetings for the Year 1 and Year 3 classes this week. Obviously the teachers are always available at the beginning and end of the day, but the meetings are a great opportunity to find out about the class routines and expectations and also to ask questions about things you might be unsure of. It is very important to us at Trinity that we work in partnership with parents, and keeping our lines of communication open at all times is part of that. We know that when school and home work together, the children have the very best chance of making the most of their time here. If you were unable to make the meeting for your child, information is being shared on class dojo, but do ask the class teacher if there is anything that isn't clear.

Next month we will be holding our first set of individual parent meetings for all children. We will share the details of booking for those meetings in due course, but do please make sure you save the dates and book your appointment when you are able to. We offer two individual parent meetings per year for each child, and find them to be another useful way of making sure information is shared between home and school. In addition to those meetings, we also hold Share my Work sessions twice a year (in January and April/May) for all classes from Year 1 to Year 4. These sessions are a chance for parents to come in and look through their child's work, together with the child, so that you can have a chat about the learning they have achieved.

For parents of the children in Reception, we will soon be holding an information session for you to explain about our phonics and early reading scheme, Read, Write, Inc. In addition to this, we offer several opportunities across the year for you to come in and take part in activities alongside your child.

Please keep looking out for the dates of the various meetings and events we offer to parents to come into school on the newsletter so that we can continue to work closely together.

Name Labelling

All uniform and belongings

We kindly ask all parents to ensure that **every item** of your child's uniform and belongings is clearly labelled with their **full name**.

Having clear, visible name labels means we can return lost items to the correct child in their classroom.

Please also check labels regularly, especially after washing, to make sure they are still readable.

Unfortunately, we cannot guarantee that unnamed items will be found or returned.
